

REMARKS

Claims 4-6 are all the claims pending in the application. Applicants thank the Examiner for allowing claim 6, and for indicating that claim 5 includes patentable subject matter. Solely to advance prosecution of exemplary embodiments of the invention, Applicants have incorporated the patentable features of claim 5 into claim 4, thus placing the application in immediate form for allowance. Applicants reserve the right to prosecute other embodiments in a continuing application.

In view of the above, reconsideration and allowance of this application are now believed to be in order, and such actions are hereby solicited. If any points remain in issue which the Examiner feels may be best resolved through a personal or telephone interview, the Examiner is kindly requested to contact the undersigned at the telephone number listed below.

The USPTO is directed and authorized to charge all required fees, except for the Issue Fee and the Publication Fee, to Deposit Account No. 19-4880. Please also credit any overpayments to said Deposit Account.
